How To Use This Course

This course allows you to pick up Japanese vocabulary extremely fast.

There is no real trick to this... If you can use your imagination then you can easily learn Japanese words fast.

Let's use an example from this book to illustrate the steps required:

1. You will be shown the following on a page:

kau かう
<i>The Japanese for BUY is kau(cow)</i>
Imagine a COW buying something in a supermarket

2. Read the entire block, paying special attention to the sentence commencing with the word “Imagine”. Also note the pronunciation guide in brackets.
3. Close your eyes and imagine what you read. Really concentrate on it and get an image going in your mind. Keep concentrating on this image for 10 to 15 seconds.
